- information you provide via the "My Account" page

The "Create an account" page clearly indicates which information is required or optional when registering.

If you provide us with information about another person, you confirm that they have appointed you to act for them, consent to the processing of their personal data including sensitive personal data and that you have informed them of our identity and the purposes (as set out below) for which their personal data will be processed.

By providing us with your own personal information, you consent to our processing your personal data for the purposes set out below.

How we use your personal information

We use personal information held about you in the following main ways:

- so that we can administer and support service and information requests
- to provide you with access to the appropriate areas and functions of MySouthend (including particular content)
- to contact you by email from time to time
- to notify you occasionally about important changes or developments to MySouthend
- for registered users to access and be updated on the status or progress of service requests
- for assessment and analysis to enable us to review, develop and improve the services we offer

We do not sell your information to other parties unless we have first obtained your consent. If you do give us permission, we will only share information with organisations we have carefully selected and believe to be reputable. We may also provide statistics about our traffic patterns and related site information to third parties, but we will not supply any personal information that would enable you to be identified.

We may need to share your information with our service providers and agents for the purpose of fulfilling services on your behalf.

For example, our website and MySouthend service is provided by Jadu Creative Ltd, and the Revenues and Benefit Citizens Access Service is provided by NEC Software Solutions. For this reason, we will share your personal data with Jadu and NEC. Your

data will only be used for the purposes which you have authorised within Jadu and NEC and will not be used by them for any other purpose. Within MySouthend we also use an email delivery service called Mailgun. Mailgun only keeps your data for as long as it is necessary to provide this service. See <https://www.mailgun.com/gdpr/> for more information.

We also contract external organisations to deliver services on our behalf and it is necessary to share information with them so that they can provide those services, for example:

- our recycling and waste collection contractor
- our parking enforcement contractor

We may also disclose your information to other service areas of Southend-on-Sea City Council or any of our subsidiary or holding companies and any successor body to us for the purpose of providing a service to you.

Otherwise, we reserve the right to give your personal information to a third party without your consent only where we believe that such disclosure is:

- (1) required by law or
- (2) necessary to assist in the prevention or detection of any criminal action (including fraud) or
- (3) is in the overriding public interest and is permitted by law.
